April is Maternal and Child Health Month

Our members improve access to essential medical services for mothers and their children. These efforts are aimed at reducing the number of children under age five who die each year because of malnutrition, inadequate health care, and poor sanitation – a figure that is currently estimated at 7 million.
According to another estimate, more than 80 percent of maternal deaths can be prevented with access to reproductive health services and trained health care workers. Our members provide education, immunizations, birthing kits, and mobile health clinics to support these causes. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease. Make-up Opportunities On-Line
Members can attend a "make-up" meeting via the internet. Visit http://www.rotaryeclubone.org and check out this method to keep up attendance percentages when you're unable to visit one of the other local club's meetings. It takes approximately 15 to 20 minutes and is a convenient way to maintain attendance.
Be sure to send a copy of the Make-Up Verification to Steve Ryan to the following e-mail
