FIGS IN A CANOE
AND OTHER WATERY STORIES

FOLDED FISH

1 Cut out the square on the dashed lines.

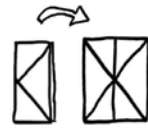

2 Fold paper corner to corner on dotted lines.

3 Unfold and fold the other corner to corner on the dotted lines to make an 'X'.

4 Flip paper over, fold in half. Unfold.

5 Grasp the right and left sides, bring the fish icons together so they touch.

6 Line up the X's and collapse paper to form a triangle.

7 Rotate the triangle, fold the bottom flap up just past center.

8 Fold the top flap over the bottom.

9 Turn the fish over and decorate! Add an eye, scales and anything else you think will make your fish special!
