

Calumet has begun to reach out to local farms to supply food for the Conference Center. Littlefield Farms in Eaton will be providing organic produce and Pork Hill Farms in Tuftonboro is providing eggs. We are also researching the possibility of purchasing coffee from a local roaster. It is a beginning and Chef Wade is working hard to find new local resources that will also remain affordable. Our food service provides guests with delicious meals and we hope that everyone will appreciate this effort to make the meals even better while supporting local farms and vendors. Boom Chicka Boom! to the food service staff - Adrien, Toby, and Syndra.

Reach the Beach

September 17-19

Last year's RTB Team members were awesome! It was a cold & windy day at Hampton Beach when they arrived but everyone was still smiling - exhausted but smiling! They raised \$55,000. Thank you to everyone who supported them. The teams for this fall are mostly assembled, along with the drivers; however, if you are interested, contact knute@calumet.org. You can help in other ways and also financially support our runners. For information on how to do that, go to our website.
