Esther Semmelman, a"h was a loving wife and dedicated mother to David and Alyssa. She enjoyed watching David play hockey from the time he competed in the TABC Junior Hockey League through his TABC JV Championships. Esther passed away in the summer of 2012 but throughout her long illness she was a supportive fixture at each of David's games. With her enthusiastic spirit and infectious laugh she cheered on David and his teammates. This All Star game pays tribute to her dedication to the sport and the middot and sportsmanship that are an integral part of the game.
