

# Erosion Control

**Wednesday, October 7, 2015**

*Join Dr. Jason Vogel for a discussion on Erosion Control techniques and see a demonstration of erosion control products by Triangle Silt Dike.*

## **Erosion Control**

*(Tribal RoadStar Program - Course 10)*

This class will give an overview of the principles of erosion control. Recent erosion control techniques will be discussed along with current regulations and construction general permits. Low impact development and erosion control site examples will be other class components. Instructor is Jason R. Vogel, Ph.D., P.E., Assistant Professor & Stormwater Specialist, Biosystems and Agricultural Engineering, Oklahoma State University.
