

Accepting Applications for Fall 2016!

Ph.D. in Clinical Translational Science

Application deadline is April 15, 2016!!!

Program graduates will be able to:

- Independently lead, design, execute, manage, and interpret multidisciplinary clinical-translational research in a conceptually, methodologically, ethically, and regulatory sound manner
- Assume leadership roles in both academic and industry settings
- Establish national reputations as leaders in a given area of expertise

Who should apply?

- Individuals with an advanced clinical degree (e.g. MD, DO, MBBS)
- Individuals enrolled in dual clinical-research degree programs, such as CWRU's MD-PhD and DMD-PhD programs
- Individuals with an existing Master's degree in a health-related field (e.g., MS, MSN, MPH)
- Individuals with other scientific or clinical backgrounds are evaluated on a case-by-case basis

The Center for Clinical Investigation at Case Western Reserve University (CWRU) is accepting applications for the New PhD in Clinical Translational Science program.

The program will train and graduate clinical-translational scientists to meet the need for a transformed clinical and translational enterprise. Students in the program will be rigorously trained in the theory and practice of clinical translational science in order to make significant clinical discoveries and to move these discoveries across the translational continuum.
