"It has been a pleasure working with Secure Card Services as our credit card processor. These guys have been tremendous! Not only do they provide the best rates, their customer service is unparalleled. They also have a fantastic gift card program."

When Hurricane Sandy hit and all our phone lines and internet went down, they immediately brought us a phone swipe that we could use with our cell phone so we could continue to process and not lose any business. I highly recommend having these guys as your merchant service provider.

Thank you to Vincent, Howie and all the staff at Secure Cards for everything!"

Ilan Nifco, Owner

"I can't say enough about Secure Card Services and what a pleasure it is to do business with you. Thank you for continuing to be a true example of a company that constantly demonstrates great customer service and support while also offering great value!"

Lawrence Gleit, President - Moe's Southwest Grill – NYC

"For many years we have been contacted by countless numbers of merchant service companies looking for our business. They have always promised the world and delivered nothing so we had never switched. SCS is the first company that has ever made us feel comfortable with the prospect of switching and provided all of their promises in writing. Not only was the transition seamless but all of the promises have proven to be true. I cannot emphasize enough how the personal service provided by our agent, Vincent, not only made this a cost saving move for us but a pleasurable experience as well."

Two representatives took the time to explain in detail how their program worked. On the rare occasion there is a problem with the connection the staff of SCS responds within minutes--problem solved! Everyone we have dealt with at SCS has been courteous and knowledgeable. The level of service provided is outstanding. Thanks for terrific job you do!"
