

## LEADER Announces Poster Sessions at 8th Annual Summit

The LEADER Summit is all about networking, sharing ideas, trends and expertise. The poster session is an excellent way for you to showcase any project or program relating to Culture Change and Person-Centered Care that has fostered success or enriched your facility in some way.

Your poster or story board will be presented for a specific time each day and viewed by attendees from across the state. A summary of your project or program must be included with your presentation. There will be an award for the poster that best demonstrates Culture Change and Person-Centered Care.

## SUMMIT POSTER PRESENTATION

### RULES:

- Participants must be registered for summit
- Does not violate the residents privacy
- Primary topic should represent Person centered Care or Culture Change in your facility or discipline
- Is Evidence based
- Is Educational
- You or another team member of the project will need to be present during the assigned viewing period.

There are many ways to present your project poster. Here are some examples:

- Flat or Trifold poster board with Photos, Graphics, Drawings and INFORMATION. This is usually for General information.
- Printed Poster: many presenters have their posters printed at a print shop, copy center, or campus printing service. Materials can also be mounted using a tri-fold poster board or flat poster available at almost any store where school or office supplies are sold.

If you would like to present a poster, please complete the attached form and submit by February 1, 2017 to Rosie Kiper: [rosie.kiper@steh.com](mailto:rosie.kiper@steh.com). When you submit your intent we will provide you with instructions and resources available to help you with your project.

### 1st Place Award
