

January 2015

NFD: This morning three of your amazing emergency responders came to my parent's house and helped my dad get up after he had fallen on the floor during the night. I was not there but my mother, Nancy Burks, told me how very considerate Brad Harelson, Winston Porter, and Josh Whitley were as they made sure he was comfortable before they left the house. It is obvious that they are not only well trained; they are also very caring men. We are fortunate to have all of you in our community. Thanks so much! Debbie Stuckey & Nancy Burks/citizens
