

Dear Neighbors,

Are you tired of the reckless overbuilding of New York City?

Do you feel that too many insanely tall buildings are coming up, that we have lost enough light, air, and iconic views to this real estate madness?

Are you sickened by the way public spaces get handed over to real estate developers for luxury housing that ends up casting the rest of us in shadow and has nothing to do with the historic fabric of our neighborhoods?

Do you think that takeover of so many retail spaces by chain stores is harming the character of your neighborhood? Have your pleas to the Landmarks Preservation Commission gone ignored?

Many of us share these concerns, and have joined together as ***New Yorkers for a Human-Scale City***

We have created a petition to send to the Mayor. You can read the petition and sign it here: (<http://www.humanscalednyc.net/>).

Join by signing, and pass this letter along to your spouses, friends, and neighbors.

Sincerely,
New Yorkers for a Human-Scale City
