## Lecture Details...

With life expectancies now approaching 80-95 years of age, it becomes our responsibility as oral health care providers to approach our patients with the most conservative restorations and maximize tooth structure. This course is about how to create long lasting direct composite restorations and the essential steps that MUST be incorporated into the process. The changes in materials have been profound and this course will present casework for all classes of restorations with the latest research and materials presented.

Lecture highlights (am) include:

- The value & role of lights...why so important to understand
- Total etching, selective etching, self etching...what to do?
- Have self etchant bonding agents proven their success? Is etching dead?
- How do the new low stress composites make our lives easier? Are they worth it?
- Bulk Filling versus Incremental approaches
- Glass ionomers, resin ionomers, resin silicate, calcium hydroxide - .why they are valuable to you and your patients
- When do you stop drilling? Conservative approaches to caries removals
- Class 2's, it's all about the matrix system and how to customize contours and contacts and become an expert

Lecture highlights (pm) include:

- The latest in universal flowables and why they are essential
- Class 5's: Step by step case examples with many more pearls to share
- Closing those black triangles and additional anterior restorations
- Caries diagnostics and implementing a sealant program and conservative restorations
- Endodontic Access restorations: Alternative options for PFM's, ceramic and gold crowns
- Crown buildups: it's all about utilizing the proper materials

## About Dr. Graham...

Dr. Lou Graham is an internationally recognized speaker who lectures extensively to dental professionals, focusing on incorporating ongoing clinical advancements through "conservative dentistry". He emphasizes the same concepts he practices: dental health diagnosis, treatment plans for medically compromised patients, conservative treatment, cosmetic dentistry, as well as customized approaches to periodontal care, implants and laser dentistry.

Dr. Graham is a published author in many leading national and international dental journals. He is a member of the ADA, the American Academy of Cosmetic Dentistry, the AGD, the Chicago Dental Society and Illinois Dental Association.

He is also the founder of the Catapult Group, a continuing education company whose philosophy and programs use contemporary, interactive formats to integrate time-proven conservative dentistry with 21<sup>st</sup> century materials and techniques.

Dr. Graham is a graduate of the Emory Dental School, and a former Director of the University of Chicago's Department of Dentistry. He enjoys providing dental care at his multi-specialty private practice group, University Dental Professionals in Chicago, IL – Hyde Park.

We thank our Partners in Education for their support at Dr. Graham's presentation today!

Representatives look forward to connecting with you at their display tables and at today's luncheon.

## VDDS Upcoming Social Events

### For Theatre Fans!

The early summer offers great VDDS group seating to two productions... **Cirque du Soleil's "Varekai"** at the Pacific Coliseum on May 21, and **Disney's "The Lion King"** at the Queen Elizabeth Theatre (June 25 or July 9). Contact Gerri for tickets or download details at [www.vdds.com](http://www.vdds.com).

With such great seating to most of these Broadway shows, why not consider a group evening out with your dental team? Our group events are always business deductible, and offer a wonderful way to provide your staff with a "perk"!

Coming to Vancouver next season...the musical "Once", the stage production of "Dirty Dancing" and a return of the iconic "Mamma Mia!" VDDS has pre-booked prime group seating to all.

### For Travel Fans! Southeast Asia Cruise in 2016

On February 28, 2016, a two-week cruise in **Southeast Asia** begins in Hong Kong, visiting ports in Viet Nam and Thailand, disembarking in Singapore. There are four port overnights included in this itinerary, and Deb at VIP Travel has some great pricing in CA\$. Look for our VDDS flyer with your April mailer to all lower mainland dentists.

### New York City Scene!

Congratulations to VDDS' own "Piano Girl", **Robyn McCorquodale** on her upcoming shows at the Laurie Beechman Theater in NYC!

With the added feature of three of New York's finest musicians, Robyn's show, "Diary of a Piano Girl" is a live, multi-media presentation booked for four shows during April in this popular NYC West 42<sup>nd</sup> St. cabaret theater. *Break a leg, Robyn!*

\*FYI...a reminder that as of June 1<sup>st</sup> this year, Robyn will assume the role of Executive Director of VDDS upon Gerri Randall's retirement.
