Everyone has been taken care of sometime in their lives, or will need to be -- or is giving care to a family member now, or will in the future.

Let's explore these questions together:

- What do we need to be able to have comfort and security when we or our loved ones age or are ill?
- How are our individual situations similar, and connected?
- How can we ensure that we have the resources and programs needed for all elderly and people with disabilities, and to support caregivers (paid and unpaid)?
- What do we need our society to do, to meet these needs?

Co-hosts:

Arrowhead Parish Nurse Council, CHUM, Community Action Duluth, MN Council of Nonprofits, NE Area Labor Council, TakeAction MN

Presented with support from the Northland Foundation
