BABC Boeing Visit
September 28, 2012**

787 Dreamliner Gallery

The 787 Dreamliner Gallery operated by Teague streamlines and centralizes the 787 configuration experience. Everything needed for Airlines to design their Dreamliner interior.

The 90 minute tour will take you through IFE, galley inserts, furnishings, and interior color and décor that highlight and support brand identity. Then see how selected lighting helps enhance the passenger experience as the settings are programmed and uploaded into an interior mock-up.

www.dreamlinergallery.com

Future of Flight Museum

Go behind the scenes for a 90-minute tour of the Boeing plant where you can watch 747s, 777s, or 787s being assembled right before your eyes.

<http://www.futureofflight.org/>

Located approximately 25 miles north of Seattle, The Future of Flight Aviation Center & Boeing Tour is the only public tour of a commercial jet assembly plant in North America. Explore the interactive exhibits and displays in our 28,000-square-foot Aviation Center Gallery;
