Director's Corner

Dear Parents,

Another summer has flown by and a new school year is upon us. To help us all get back into the routine of school days and bed times here are a few tips for a successful school year:

Plan Ahead- Have all school events, doctor appointments and extra curricular activities on a calendar in a common area. This way all family members can expect what is going to happen now or a later date.

Get Into a Routine- Preparing the night before a school day is beneficial for both children and parents. Doing a backpack check, diaper bag check, homework check or schedule check. Most kids thrive on structure and will respond well to routines that help them organize their days.

Enforce Healthy Habits- To help your child have the best chance at doing well in school, make sure they have healthy habits at home. Choose a bedtime that will give your child plenty of sleep, and provide nutritious meals as often as you can.

Talk Often and Show Interest- Ask you child what they like and don't like at school, give them chances to express themselves and continue to encourage with praise.

Expect Success- The most important way you can support your child at school is to expect them to succeed. Let them know to do "your best" so that they will be proud of what they accomplish.

We can't wait to see all of our babies turn in to big toddlers this year! Please remember to bring a fitted crib sheet and blanket every Monday and take home every Friday. We also want to remind you that we go outside so socks and shoes are needed. Feel free to bring a sweatshirt or jacket for chili mornings We can't wait to see where this year takes us. -Miss Sharee, Yavely, Mia, Tyler, and Alex

Wolves

We're so excited to welcome our new Wolves Class! So many things to learn and do with our new classes! Open House will be hosted on August 11th starting at 6pm. It'll be a time for our classroom to be shown to all the parents in an awesome tour! You'll be seeing everything your child will be engaged with; from our circle time area, to sensory bins, and onto our more independent items, and even the teachers that will be interacting with them! We'll miss all of our students that are moving up, and we know they will flourish so much in their next class! We're taking on the next school year with amazing enthusiasm, and can't wait to get started!
Sincerely,
Mrs. Kayla, Ms. Kacidee, Ms. Mikayla, Ms. Lourdes, Ms. Natalie

Rattlesnakes

Another Summer has flown by! The Rattlesnakes have grown leaps and bounds after having to recognize their names, shapes, colors, and ABC's! As you may have noticed more of our younger friends have begun to graduate to the Rattlesnake class making us very excited to teach them all of our self-help skill. Some of our accomplishments are making our own Dino skeletons, as well as clown faces for circus week. We also made some princess and prince crowns for fairytale week! As a friendly reminder we always need extra clothes for our cubbies, accidents happen. And don't forget to check our Art folders for the beautiful creations we have saved for you!

Mustangs

Welcome to the 2015-16 school year!!! The mustangs are excited to bring so many friends upstairs to prepare for kindergarten! As the school year begins we will be going over the ways to be safe in and out side of our classroom!

We are so proud to have Miss Steph join our Pre-K Team and she is excited to show off all of her preschool talents and experience.

As well as safety each child will glide through the year learning to spell their entire name, count to 100 (or more!), experiment with different liquids, gases and solids as well as learning the rituals and social skills needed to graduate to kindergarten.

We hope to see all of our parents at our Open House on August 11th so that we can show the enriching environment. Thank you and Welcome to the Mustangs! Miss Amber, Miss Teri, Miss Alma and Miss Daniela
