Please rank the following strategies to address health in the Newfoundland breed, in terms of the value of NCA resources you feel should be devoted to the item. Please rank your highest priority with number 6 and your lowest priority with number 1. Look at the current health education provided by the NCA. You can review the research currently funded by your donations to the NCA Health Challenge online. You can see the current member rebate program for Health Testing here. Read the existing NCA Health Testing Recommendations for all breeders.

1 = Lowest Priority
