

Caring for God's Earth A Study of Laudato Si

Pope Francis has called all people to a “new dialogue about how we are shaping the future of our planet.” Inspired by his encyclical Laudato Si, an ecumenical discussion on caring for Our Common Home is being offered during Lent 2016. This is an opportunity to meet with others to break open the wisdom shared by Pope Francis and discover ways that we can respond in shaping our future.

A study group will weekly on Thursday evenings for four weeks beginning February 18-March 10 at Our Lady of Fatima, 4020 Lomas Blvd. NE., Albuquerque. You are invited to attend all or some of the hour gatherings which will begin at 6:30 pm and break open various topics presented in the encyclical.

The format includes prayer, a brief presentation, discussion and suggestions for follow up actions. Themes covered: Our Common Home; Creating a Culture of Solidarity, Encounter and Relationship; and A Reason to Hope.
