

Scholarship Money Available Now!!

Do you want to earn 9 college credits for the cost of less than 1 credit? Do you need to qualify as an Early Childhood Administrator? Do you need to move up the Early Childhood Career Lattice? Are you currently working on your Bachelor's Degree in Early Childhood Education?

This is a reminder that T.E.A.C.H. Early Childhood® Delaware still has scholarship money available for articulating the Aim4Excellence™ National Director (Administrator) Credential into 9 ECE credits at Delaware Technical Community College.

What can you do with 9 ECE credits from Delaware Technical Community College?

- At least 3 of the 9 ECE credits can be used towards qualifying as a Early Childhood Administrator under the Delaware Office of Child Care Licensing Regulations.
- All 9 ECE credits can be used to move up the Delaware Early Childhood Career Lattice.
- All 9 ECE credits can be substituted for ECE 222 – Program Planning and Administration, a course requirement in the Early Childhood Development AAS degree at Delaware Tech.
- All 9 ECE credits can be used at Springfield College towards a B.S. in Human Services with a concentration in Early Childhood Education.
- All 9 ECE credits can be used at Wilmington University as electives towards a B.S. in Education Studies with a concentration in Early Childhood Education.

How do you articulate the modules into credits?

The first thing you have to do is call me - Paula Holloway, the T.E.A.C.H. Early Childhood® Coordinator, at 302-764-1501. After completing a T.E.A.C.H. application, agreement, and contract, I will direct you to the correct contact at Delaware Technical Community College to register for the correct classes.

You **do not** attend a class- in person or online. You will have to complete one capstone project per class and communicate with the instructor via email.

I hope to hear from you soon!

Paula Holloway
T.E.A.C.H. Coordinator
