Advocating for our Children...Advancing Our Schools!

Please join us for this special event...

The American Civil Liberties Union (ACLU) of Georgia offers lobby training to individuals and our coalition during the legislative session. The “By the People” Lobby Day, on March 11th, will give special focus on the education bills that will impact the public education of students in our state, including “Too Young to Suspend” and the “Opportunity School District”.

Training will also include:

- How to talk to legislators
- What are the “hot” issues and why you should care
- How best to help push or stop legislation
- Legislative updates
- A walking tour of the Capitol’s lobbying area and introduction to the legislative process
- Assistance in meeting your senator and representative

There is no charge for the training; drop-ins are welcomed, however an RSVP is preferred.

Join Us and Make a Difference!
