

2-YEAR TEACHER REPRESENTATIVE

Centennial HS

CHELSEA BURNEY

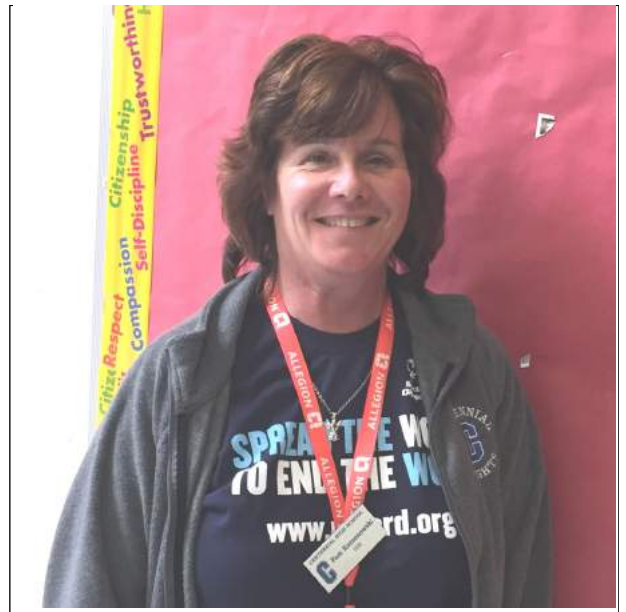

I wish to serve on the School Governance Council to bring a new perspective and new ideas to the table that would enrich our school as a whole. During my four years at Centennial, I have had the privilege of teaching a variety of students here at Centennial due to the nature of my classes: CBI students, a valedictorian, and athletes in the same chorus class. This variety within my classes gives me a unique perspective on the school which most teachers will never see in their classrooms.

Outside of my classroom, I have been an active member of the faculty serving as a PLIP team member for our technology and device initiative, master calendar coordinator, Tri-M Music Honors Society sponsor, Junior Civitan co-sponsor, Literary Meet host, District V Honor Chorus host and organizer, and Fine Arts Professional Development presenter. I am fully committed to Centennial High School, and it would be an honor to serve as a faculty representative.

2-YEAR TEACHER REPRESENTATIVE

Centennial HS

PAMELA KORZONOWSKI

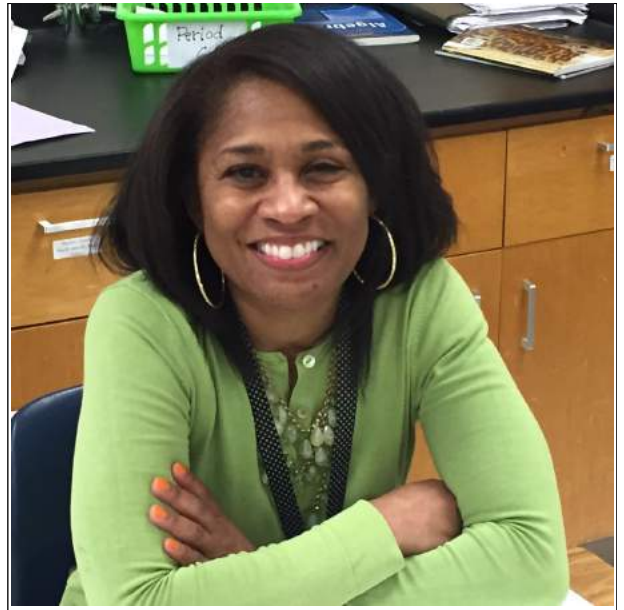

I have been involved in education for 18 years or more. I firmly believe that education is the key to the future and that a strong education is tied directly to a strong viable community that supports its schools, students, teachers and administration. I have been a member of community boards in Cobb as well as holding the positions of parliamentarian and community liaison in Elementary, middle and high school. I enjoy being a part of organizations that help the schools in any capacity to ensure the success of our students and provide opportunities for their future. I am knowledgeable, and experienced as well as passionate about education. I realize the importance of having a strong governing body in order to ensure the students needs are met as well as a plan is set for the continued growth of the academic /community. I wish to be a part of the school Governance Council for the reasons above and finally because if we do not plan and support our schools and community who will? I care and I stand firm on supporting this community to provide whatever resources I have available to support this school and the community it resides in. Thank you. Respectfully, Pamela R. Korzonowski

2-YEAR TEACHER REPRESENTATIVE

Centennial HS

PAMELA BULLARD

Being a part of the School Governance Council (SGC) will give me an opportunity to dialogue with colleagues, parents and community leaders and generate ideas on how to improve student achievement at Centennial High.

I will have an opportunity to help SGC identify appropriate educational resources and funding sources to meet students' academic needs.

If chosen, my experience as an Instructional Coach will provide valuable insight into the professional development that staff members may need.

2-YEAR TEACHER REPRESENTATIVE

Centennial HS

DIAHN HOLLINGSWORTH-DARDEN

Served in the following leadership positions At Towers HS/DeKalb Co. (previous school/county)

1. Career Technology Instructional Leader for 9 years
2. Career Academy Leader for 2 years. Also, served as the Team Lead for ALL the Academy Leaders.
3. Smaller Learning Communities Coordinator for 3 years
4. Summer Bridge Coordinator for 2 years
5. Professional Development Liaison for 3 years

I also served on a committee to develop and write the "Race To The Top" federal grant received by Towers HS.

Contributed to writing the Towers HS School Improvement Plan for several years.

I believe the above listed leadership roles indicates my qualifications for the position, however, aside from that the reason why I would like to serve on the School Governance Council is the same reason I chose to serve in the above leadership roles. I am passionate about enhancing the educational experience of all students.

Fifteen years ago I left industry to teach. I took a significant pay cut in the process but I have never looked back because improving the wellbeing of my students and helping them to become life-long learning is what brings me joy.

Also, serving on the school governance council helps me to understand the overall, encompassing need of the school and will allow me to use my leadership skills to contribute to improving my school.

2-YEAR PARENT REPRESENTATIVE

Centennial HS

KRISTI MCGINNIS

Recreation Aid

May 89 – May 93 United States Navy Various locations
Hospital Corpsman Third Class/Medic

Resume provided upon request.

2-YEAR PARENT REPRESENTATIVE

Centennial HS

JEN WUNDERLICH

I am the current PTA president at Holcomb Bridge Middle School. I have had the pleasure of serving on the board there for 3 years. In that time, I have worked hard to support the school, teachers and administration reach for their goals, as well as, continued to look for opportunities to improve the experience for our students. Prior to that, I was an active member of the PTA at River Eves Elementary School where I served on the board as VP of Academic Enrichment for 2 years. I have held numerous chair roles throughout both schools giving me an insight into academic, social and fundraising initiatives at the elementary and middle school level.

After serving for many years on the PTA side, I am interested in being a part of the School Governance Council where the committee looks closely at the strategic direction of the school. I look forward to the opportunity to work closely with administration, teachers, community members and other parents to support Centennial and their academic advancement.

2-YEAR PARENT REPRESENTATIVE

Centennial HS

STACY CHRISTIE

I would like to build on the Centennial School Governance Council's past three years of positive momentum. With two of my three children attending Centennial next year, I would like to support our school and our students. I believe developing and funding sustainable programs that provide an engaging educational experience for students (and staff!) is key to CHS's ongoing success.

My experiences as a CPA, a small business owner and active North Fulton education volunteer have helped hone my team building, collaboration, and creative problem solving skills. I believe this background will allow me to serve you, our students and our community in this important position.

Over the past 10 years, I have held a variety of PTA executive and chair positions at Hillside ES, Haynes Bridge MS and Centennial HS including PTA President at both Hillside ES and Haynes Bridge MS. I have also served in larger-scale education roles including President of North Fulton Council of PTA (2013-2015), and Chairperson of the Superintendent Parent Advisory Council (2015-2016). In addition, I have held volunteer positions within the Dynamo Swim Club and have co-led my daughter's Girl Scout troop since 2009.

Currently, I am a small business owner, providing marketing and communication consulting services to not-for-profit organizations. I hold a Bachelors of Administration from the University of Iowa and worked for PricewaterhouseCoopers in the assurance services practice for more than 10 years.

2-YEAR PARENT REPRESENTATIVE

Centennial HS

KIM ALEXANDRE-WOODEN

Children spend more time in school than anywhere else. I feel a strong support system at both home and school is critical. With that, I believe parental involvement is key for any child, both in the home and at school.

If given the opportunity to serve, I would take my active role in my children's education and activities at home and share my dedication, conviction and desire to do what's right for them at school as well.

Lastly, I want to lead by example for my children so they can have the best chance at making the best choices for themselves as they grow older and gain more learning experiences of their own. Having a voice is important. Knowing how to use it is even more important.
