

# AWTT AMERICANS WHO TELL THE TRUTH

## Models of Courageous Citizenship

September 19-November 7, 2015, the Asheville YMI Cultural Center will host a Traveling Exhibition of 52 portraits highlighting Americans who have courageously addressed issues of social, environmental, and economic justice. OLLI at UNC Asheville is sponsoring two of these portraits. And, as OLLI members, you can become part of this historic exhibition. Throughout the 43 day exhibition, volunteers are needed to staff the venue as docents and greeters. Additionally, to help with setup of the unveiling reception and staff the sign-in and will-call tables for this unique initiative from artist Robert Shetterly.
