CYCCB Drawing and Photo Contest

CYCCB is completing work on the Certification Preparation Workbook. We want the workbook to reflect the experiences of certified CYC-Ps, the youth they serve, and the diversity of CYC practice settings and practitioners.

WE NEED YOUR HELP: We are looking for drawings and photos to include in the workbook that provide graphic interest, color, and help tell the story of certified CYCs. We are asking you to submit photos or photos of drawings that we can include in the workbook.

Pictures submitted should relate to the workbook topics and CYC certification. So adults, children, work environments, and natural settings are all welcome... everything from conferences to board rooms, from daily activities with young people to large events, from children's drawings to family photos.

You may already have the perfect photo/drawing or maybe you want to get some co-workers, youth, or friends together to take pictures in different settings. The submissions that best reflect creativity, diversity, and how your picture communicates CYCCB's relationship to certification, will be the winners. Multiple photos will be selected. You can submit up to 3 photos maximum, please.

If your photo is picked for publishing you will be notified via your e-mail address.

Deadline for the contest is June 27, 2016

All submissions MUST be accompanied by a release form. There are two release forms: a *release to publish*, from you to have the photo in the workbook AND a *personal release*, for every person in the photo. [LINK](#) to release forms.

The *release to publish form* asks for the name(s) as you would like them to appear in the workbook. You may include more than one name. If submitted blank, it will be blank when published. Please protect the confidentiality of young people receiving services.

PHOTO REQUIREMENTS: all submissions need to be in the highest resolution possible in JPEG, GIFF, TIFF, PNG, or PDF format. Photos from most smart phones qualify.

Photos without completed forms or not formatted correctly will be discarded. No photos received will be returned.

The Certification Preparation Workbook topics include:

Scope, purpose, history, and benefits of certification

International linkage between USA, Canada, and the global community

Types of certifications, costs, and requirements
