

POWER OF ONE MISSION STATEMENT

The mission of Power of One is to support local, Indiana-based, grass roots, non-profit organizations to deliver life-enhancing community development programs in developing countries around the world.

POWER OF ONE VISION STATEMENT

- To create more a global thinking environment among the young leadership of Greater Indianapolis in order to enhance the image of Indianapolis as an international city.
- To create avenues for fostering deeper relationships between Indianapolis based non-profit organizations and indigenous partners in order to connect them more holistically.
- To provide opportunities for grass roots organizations to network with each other.
- To create opportunities for mentoring and sharing best practice models for initiating and maintaining global partnerships.
- To develop a system for and to maintain functional transparency between all members of each partnership.
- To maintain an open and supportive environment between the Power of One and each project which it supports.
- To provide opportunities for exposure and information to the general public about the organizations supported by Power of One.
