- **Overview of Training:** When a child is abused, the impact is significant, affecting the wellbeing of the entire community. This seminar will consist of developing an integrated collaborative plan to support families and organizations in the prevention of child abuse.
- **Outcomes:**
 - Participants will consider the needs of the communities they serve to assess the availability of resources.
 - Participants will have the opportunity to create and participate in the framework that will inspire collaboration and innovation to prevent child abuse.
 - Participants will leave with practical, actionable steps they can implement immediately.
