

Dear Potential Power of One Grant Applicant:

The Power of One is committed to encouraging central Indiana NGOs to extend their mission into developing countries. All proposals for funding must come at the recommendation of a member of the Board of Directors of Power of One. You are receiving this information at the request of a member of our Board. Only one application per NGO will be accepted per term.

The deadlines for making applications are March and November. Awards will be announced in May and December. All applications must be complete at the time of submission.

After a grant is awarded, the applicant may apply for a second year of funding for the same project. Applications for the same project may not be submitted for the third year of operation. Reports on the projects are required at the end of the first year and at the completion of the project. Additional applications from the same NGO will not be considered until all reports regarding current project are on file with Power of One.

Enclosed you will find:

- Power of One Mission Statement and Vision Statement
- Grant Application Information
- Power of One Grant Application

You are encouraged to read the first two prior to making application. We feel that by doing so you will best understand our mission and your project's ability to further that mission.

Members of the Power of One Board of Directors travel extensively and will make unscheduled project site visits over the course of the proposed project.

The maximum funding to be awarded to a single project is \$5000 for 2015.
