

Parent Information

Hi Everyone,

The first two months of the school year have been successful as the teachers and the children have settled into the daily routine and schedule. The children have learned the names of their classmates and teachers, and they have helped to establish the rules for the classroom. Although rules are worded differently for each room, they all encompass care and respect for self, others and our school. The children have really become great friends with one another. I am proud of each child's accomplishment and enjoy watching each one of them grow.

We need to remember that children learn through play and interaction with their peers and adults. Consistency and continuity is extremely important to the development of each child. With consistency children will learn routine, rules and expectations. I try my best to provide this each day.

Ms. Dana
