

Parent Information

Hi Everyone,

The kids have been having so much fun finding bugs while we are playing outside and going on nature walks. They have been asking questions and wanting to learn more about bugs. I would like to follow their lead and learn about things that they are interested in.

Children learn best through play. I try to keep our activities as fun as possible, because I want them to enjoy their time here. This will also help them learn the concepts much better. We spread activities throughout the day to keep the children engaged, often alternating between active and calm activities. We are learning our numbers with blocks. The kids are counting the number of blocks and building towers with them.

Mrs. Dana

Let's Keep in Touch

If you have any questions regarding your child, please do not hesitate to call or text me at: 360.852.3554 or email me at:
