Christmas Party

Service Project

Each year the Middle School students choose one service project or organization to support during the Christmas season. This year the student council chose Astoria Rescue Mission to support and help. The mission has recently acquired a house to provide temporary shelter for families in crisis. They need help providing supplies to clean the new house and supply the residents with some household items. We are asking each student to bring a minimum of two items from the list below as an entrance pass to the Middle School Christmas party December 18th. Thank you for your support,

Student Council President

Emma Thulin

Emma Thulin
