

Responsible Conduct of Research Series

Fall 2015

The RCR series is comprised of four modules and covers topics pertinent to graduate student research. All graduate students are invited to participate.

For all students participating in federally funded research, such as the National Institutes of Health or National Science Foundation, completion of the RCR series is a **requirement**.

Register [here](#).

All workshops are held at FAU's Boca Raton campus, with videoconferencing available in Jupiter and HBOI.

Lunch will be served at 11:45 a.m. Workshop starts promptly at noon.
