INVITATION

Community Placemaking and Accessible Arts Community Forum

Heading Out

HEADING OUT is an exciting one-year strategic partnership in regional development between Accessible Arts and the Port Macquarie-Hastings Council on the NSW Mid-North Coast. The aims of the project are to embed inclusive arts opportunities in the Council's newly created placemaking initiative from the outset and on an ongoing basis and to develop and support professional coordination between arts and disability projects and their communities in the Mid-North Coast as part of a broader community program.

A component of the Heading Out project is to create a public artwork in the forecourt area outside the Glasshouse Gallery for everyone in the community to enjoy. It is envisaged that this will be an artwork that will be constructed by the community, for the community. To that end this forum will give community members a chance to have a say in what they would like to see happening in this public space.
