Summer Support Program

We are here to prevent the Summer Slide!

Summer is a time of fun and relaxation. It is also a great time to ensure that your student is ready for success in the coming school year. Our learning specialists will customize the summer program for your child based on their needs.

Research shows that students who do not participate in any type of educational activities over the summer experience an average of 2.5 months of learning loss. Working with a specialist throughout the summer months not only prohibits learning loss but can also help your child to build confidence and get ahead.

Individualized instruction by certified teachers

- Improve student's confidence and self esteem.
- Build organizational skills and positive study habits.
- Review difficult subjects from the past year and strengthen core skills.
- Get a jump start on the upcoming school year and provide enrichment.
- Provide weekly progress reports

For the parents convenience, the program is offered on campus in the learning center at DKJA. Students can be pulled from camp for their hour session or parents can drop off.

Program Details

Tutor assignment to be determined by the Learning Center based on the student's educational needs

Price per session : \$60 (60 minutes per session)

Please Make Checks Payable to DKJA

Session Dates

Weekly sessions begin the week of June 20th and run through the week of August 8th
