Can we sustain a daily Minyan?

With hard work and a dedicated community we hope to sustain a daily morning Minyan, when school is in session. This guarantees that whenever someone needs to say Kaddish for a loved one or one needs to receive an Aliyah (being called to the Torah) they can! Great opportunity for families that are celebrating Bar Mitzvah to put on Tefillan for the first time. Our sages teach us that those individuals that perform this Mitzvah reap great reward for them and their entire family.

Practically speaking; 10 is not enough:

We need 14 individuals to ensure that the Minyan will be well attended and run on time. Experience has proven that although only 10 is necessary for a Minyan, to cover absentees and guarantee acceptable starting and finishing times you need a total of 14 people committed to make it work.

Become a Minyanaire:

Whether you can commit to everyday, twice a week, once a week, one day a month or just for special occasions like a birthday or Yahrtzeit, you will be welcomed with open arms. Our prayer service is explanatory style, where everyone feels comfortable and welcome.

We have Tefillan for those who need!
