To all Family Promise Staff and Volunteers.

Hello Everyone,

As most of you know, today is my last day as we move on to Transitional Housing. It is with a heavy heart that my family and I must say Thank you and goodbye to all of you our friends, many of whom we have seen on a daily basis for over seven months. We would like to take this opportunity to thank everyone for the support we have received here and to let you all know that we have appreciated the friendly atmosphere in which we have been served by you.

Thank you for happily responding to our needs at the time we needed help the most. We are glad and proud that we have tasted your goodness, kindness, passion, generosity and the spirit of service.

We are sure we would not be where we are or were we are going with out you...!!!!

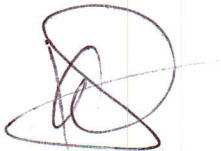

We also like to thank you for organizing such a brilliant going away party for us yesterday evening and seeing so many of you come out to wish us well will be a memory that we treasure forever.

It's on this note that we also apologize for any thing that might have gone wrong or where any of you felt like we stepped on your toes for our own gains. I must say that it was not intended and I pray that you will find space in you hearts to forgive us!!!!

Tomorrow we will wake up in our own house and definitely we will always remember and treasure where we came from and you the good people who accepted to walk this journey with us.

We just want to say **THANK YOU, WE LOVE YOU SO VERY MUCH, YOU ARE SO SPECIAL TO US AND YOU MEAN A LOT!!!!**

Best Wishes,

Sane & Sohan
