

# Lisa & Glenn

**Lisa Goldberg**, JD 1984, met her future husband in Professor Gail Richmond's Federal Income Tax class in the fall of 1982. She sat in the first row, left side, while **Glenn J. Garrett**, JD 1983, sat in the last row, right side...

From time to time, Lisa would notice Glenn tinkering with his 1969 Camaro in the Davie Living Complex parking lot, where they both lived. One day, a mutual friend introduced them. They soon realized they both went to the University of Maryland - College Park, at the same time, but their paths never crossed until Nova. They studied together for Professor Richmond's final, even though they had vastly different study habits. Glenn wore a "party till you puke" button on his graduation gown, as Lisa prepared to take over as SBA President. They married in 1985. They have three adult daughters: ages 25, 23, and 20. Their oldest daughter will enter the practice of law soon. Glenn practices personal injury law as a solo practitioner and Lisa has been a family law attorney for Broward Legal Aid her entire career.
