

Paving the Way to Learning

If you have ever interacted with a child, you know they are constantly learning, right from birth. What children learn during those years depends on the experiences they have each and every day.

This summer, United Way Fox Cities Emerging Leaders got out their paint and paint brushes to help install new United Way Fox Cities Born Learning Trails at Jefferson Park in Menasha, Fritse Park in the Town of Menasha and Smith Park in Menasha. The trails provide

opportunities for parents, grandparents and caregivers to boost young children's language skills. Interactive stations with tips and tools engage children in play-based learning activities.

Menasha Corporation sponsored the new trail at Smith Park. Jim Kotek, President and CEO of Menasha Corporation, said, "Our employees and our Foundation want to reach the broader community with our contributions, and this Born Learning Trail will do just that." Explore a Born Learning Trail with your little one today!
