

Since 1911

Baker College is offering a course in

SOLIDWORKS ESSENTIALS.

Course Description:

Prerequisites are: Mechanical design experience; experience with Windows operating system.

SolidWorks Essentials teaches you how to use the SolidWorks mechanical design automation software to build parametric models of parts and assemblies, and how to make drawings of those parts and assemblies. By quickly getting up to speed, as well as using best modeling practices, the SolidWorks Essentials course ultimately ensures maximum efficiency and productivity for all SolidWorks users.

Schedule:	3 Consecutive Tuesdays. Class Times: 4:30 -9:00 PM	March 1 st , 8th and March 15th
Location:	Charlevoix High School CAD LAB
