

Edgewater Golf Club

Greetings Members and Friends of Edgewater,

On behalf of the Edgewater Family, we are delighted for you to continue your membership at Edgewater Golf Club. We feel that Edgewater and the Bunkers is truly a very special place - a place where old and new friends meet & gather - a place where memories are made and some rounds left unspoken. The Edgewater Family extends our sincere gratitude to all our loyal members for their support. We also welcome new members of all ages & look forward to an exciting 2016 season filled with fun & camaraderie.

In looking at the customer experience for 2016, we have undergone some changes in personnel. We are pleased that Carol Pinzer has joined us to better assist Mary Robertson, Jack Corrao and the rest of the Edgewater Staff. Additionally Carol will be helping Jason Collins and Mike Diebels with The Bunkers to work with you in coordinating any of your Golf and Social event needs.

With the aging of the course we have notice through the years a need to continue our investment with golf course maintenance trends. In 2016 we hope to improve the putting green surfaces. This year Edgewater has made a significant investment purchasing a John Deere 2500 E-cut Hybrid greens mower. The upgrade in technology eliminates 102 leaks points and reduces triplex around the outer edge of the greens. Second we have purchased a Dream Turf Sweep and Fill broom. To improve the putting surfaces a third investment was made with the purchase of a top dresser for sand application.

Please find the enclosed 2016 membership application. We hope to see you all soon both on the course and having fun after golf supporting The Bunkers Restaurant. Do not forget to stock up on your golf ball and glove needs. The Pro Shop offers the most competitive prices on Bridgestone Golf Products. Please be sure to utilize these services as we offer this as a convenience and better price point than other big box area stores.
