

4th Annual GHS Career Expo
Wednesday, October 21, 2015
9:00 am – 11:00 am
GHS Gymnasium

We are so grateful that you have chosen to share your career expertise with our students. This is a career fair where experts in the field show and tell about their career. We'll provide the table and electricity, and you provide the knowledge and visuals. Demonstrating and telling high school students about your career broadens their horizons. Having the opportunity to speak with you greatly impacts the students' understanding of the career opportunities available to them and helps them design an educational path to meet job requirements.

Company Name: _____

Contact: _____
