“CONSIDER THE CONVERSATION”

A film that examines how 21st century Americans live at the end of their lives. It reminds us that by thinking and discussing life’s final chapter in advance, we can prevent unnecessary emotional, spiritual, physical and spiritual suffering. This is not a story about death; it’s a film about living life to its fullest.

Tuesday, April 19, 2016

Film Presentation: 1:30 - 2:30 pm
