MONTHLY TREATMENT

Spirit knows nothing unlike Itself. It is all; therefore I am an expression of It. I know that affluence is the basic nature of the universe. The Spirit of abundance is the firm foundation from which I receive all my ideas for action. As I think affluently, I demonstrate prosperity.

The idea of affluence is basic to my approach to life. I apply this truth in my thinking about health, love, and self-expression, as well as for my realization of wealth. I know that I already have in consciousness everything I desire. I do not see negativity; negativity and mere appearances have no place in my awareness.

Creativity emanates from my conscious mind. Moving on these ideas empowers me. In this expansive approach I realize that affluence is the only way to express life fully. My health is in perfect balance. My relationships are harmonious. Love is the cohesive element in my cosmos. My consciousness of affluence leads to fulfillment in all areas of my life.

MEDITATION SONG

Oh What A Light! (Words and Music by Dennis Merritt Jones)

This is the moment; all the world comes together as one,
In the light—
Oh what a light!
So let your voices ring, in peace and joy we sing —
We see the light, for we *are* the light.

TREATMENT AT THE OFFERING

The One Life Divine is always operating in, through and as me. This Life is an expression of total love and givingness. This Perfect Love consecrates my gift as it goes forth to heal, to bless and to prosper all in my world. It is the evidence of my faith and conviction. It does its good and perfect work, and returns to me many times multiplied.

And so it is.
