

Evaluations

Evaluations are performed by licensed Physical therapist or Occupational therapist. Providing the scheduler with a job description will get a more in-depth review as functional ability pertains to specific job functions. This evaluation assist in determining the actual work capacity with objective functional ability testing. With this testing the appropriateness of restrictions, limitations, modifications and/or accommodations can be clarified.

We have experienced PT/OT's nationwide, ready to do evaluations for all physical demand levels.

Disability Services

Act-MedicalTec

*Professional
Disability Services with a Personal Touch!*

Service for your Company

Act-Medicaltec realizes that all Independent evaluations can be a stressful time for the case managers and the claimants. Our goal is to minimize the stress for all involved. We will handle all the details from scheduling, claimant contact, to reminder calls.

Act-Medicaltec works with all Employers, Insurance companies, and TPAs. We have a comprehensive data base of board certified independent providers nationwide.

Are you looking for a specific provider with experience in specific diagnosis, disease, or test? Contact us, we will be glad to do the leg work for you. Let us do the work for you!

Examinations and Reviews

IME - Independent Medical Evaluation

Evaluations are scheduled and performed by Qualified Board Certified physicians in all specialty areas. Our professional schedulers work with the case managers to quickly obtain an appointment, contact the claimant, and deliver a comprehensive report within the company's specific guidelines.

FCE - Functional Capacity Evaluation

Evaluations are performed by licensed Physical therapist or Occupational therapist. The evaluations can be requested as a one (1) day evaluation is approximately 4 hours. A two (2) day evaluation is approximately 4 hours the first day, and 3 hours the second day. Providing the scheduler with a job description is suggested.

MRR - Medical record reviews

The files are reviewed by Board Certified physicians and qualified medical professionals to obtain a comprehensive report without the need for the claimant to attend an appointment. Medical Record Reviews are completed with or without Peer contact. They also can be requested to be reviewed by a panel of reviews. The panel physicians will review the file and consult each other with their findings and type a synopsis to add additional in-depth information to the narrative report.

FMLA - Family Medical Leave Act

The evaluations are performed by Board Certified physicians familiar with FMLA guidelines, to obtain a comprehensive report.

FIT/BRA - Fit for Duty/Behavioral risk

The evaluations are performed by Board Certified psychiatrist or psychologist with extensive experience and competency in Forensic evaluations guidelines. Depending on the nature of the incident; a date and time for an evaluation for a Fit for Duty/ Behavioral Risk evaluation will be set quickly to help ensure the safety of all involved.

** Drug and Alcohol testing is also available

Professional Customer Service

Our Professional Customer Service Technicians understand how important it is to communicate with case managers; listening to the specific needs of a project. Every referral is considered a project that needs to be on a timeframe, specialty, and a specific result.

Our Act-MedicalTec Disability gives the case manager the ability to submit a referral online within a state of the art referral submission system. The system gives the case manager hands on control to the current status as it moves through the system from submission to results. Reports can be generated as well as appointment dates. Status reports can also be setup so case managers can be made aware of any significant milestones.

Professionals moving the process to success!
