

Antoine Chulia – Vice President of Finance, North America – Schneider Electric

Antoine started his career as a business developer in the technology and automotive industries. He then joined Schneider Electric and has held various finance and control leadership positions in five countries, different business units, supporting sales, logistics, manufacturing, R&D and customer projects operations, as a commercial controller, director of finance, FP&A manager, and eventually finance vice president, for the company's North American operations (\$6 billion sales)

In his current position of VP Finance, Energy & Solutions, Antoine supports US business operations critical for Schneider Electric's profitable growth agenda in fields like Smart Grids, Energy Automation, Oil & Gas or Data center applications, as well as the US Strategic Customers organization.

He is passionate about identifying and developing talents, promoting diversity, leading successful teams as well as driving business innovation.

Antoine obtained a Master of Science in Management & Entrepreneurship from the Ecole Centrale (Paris, France) and an executive MBA in International Business & Finance from the College des Ingenieurs (St Gallen, Switzerland, and Stuttgart, Germany).

Antoine currently lives in Chicago, IL with his wife and daughter, and he is a member of the Executive Committee and the Board of Directors for the Chicago Chapter of the French-American Chamber of Commerce.
