

May 13, 2016

As you know I have recently retired from practice. Dr. Anthony Gaul and Dr. Callie Stilwell-Gaul have received my files and will be continuing care for you. They have an outstanding clinical background and education, and will take care of you in the best possible manner. Again, thank you for allowing me to take care of your health.

Dr. John Murzyn

Dr. Callie and I would like to extend our warmest wishes to Dr. Murzyn for a satisfying and relaxing retirement, as well as the best of luck with his future endeavors. We look forward to continuing the quality chiropractic care you have received at the Murzyn Chiropractic Center by welcoming you to our local family owned and operated offices for years to come.

We both have Bachelor degrees in Biology and our doctoral education was completed at Palmer College of Chiropractic, Davenport Campus. We first practiced in Somerset, Pennsylvania before moving to the Denver-Aurora area where we have been practicing since 2013. Outside of the office we enjoy what Colorado has to offer - hiking, skiing, rafting, fishing, hunting, horseback riding, camping and spending time with our family and pets.

Our chiropractic treatment focuses on full spine manual adjusting as well as instrument adjusting and passive therapies. Massage therapy is available in our Aurora office. We are in network with most area insurance companies. We have comparable time of service rates for the area, as well as extended treatment plans. In addition, we accept workers compensation cases, auto accident claims, and other personal injury cases. Please contact the office if you have any questions regarding your insurance coverage or our available treatments.

Please join us at the Open House being held on Saturday, June 4th, from 8 until noon, at the office on Colfax Avenue in Bennett. Or stop by the Open House at our Aurora office, June 18th from 8 until noon. There will be drawings at each open house for treatments and products! We are excited about the opportunity to get to get to know you and your family and provide you with the caring chiropractic treatment that our current patients receive.

Dr. Callie Stilwell-Gaul, D.C.
