

MEDEA CREEK MIDDLE SCHOOL AstroCamp Update:

September 24, 2015

Dear AstroCamp Students and Parents,

We have had a most unusual week! A few days before AstroCamp paperwork was due we had 58 students who turned in their paperwork. Then, in the last few days, BOOM! As of Friday September 18th we had 168 students who turned in their paperwork before the Friday 3:00 p.m. deadline. 168 exceeds our reservation (by far). **Our goal is always to be able to have every student attend who expresses interest in attending.** We have been working with the wonderful staff at AstroCamp and **they are able to give us an additional camp date to accommodate all students** (who completed the paperwork deadline) to attend.

Here is the update:

- AstroCamp **October 28-30th** (Wednesday-Friday) can accommodate about 110 students.
- We now have a **second trip November 9-11** (Monday-Wednesday— Wednesday being Veteran’s Day, a school Holiday) that can accommodate 60 students (and will necessitate 4 parent chaperones)

Here is the next step:

- We **MUST** have 60 students and 4 parent chaperones able to attend the November 9-11 trip. If so, **EVERYONE** is able to attend.
- If we do not have sufficient people (60 students and 4 parent chaperones) able to attend the November trip, we will need to select, by lottery, 110 students for the October 28-30th trip.

The Camp is holding the November space for us, but needs to know our decision ASAP. Please return the tear off below **TOMORROW, FRIDAY, September 25th**, to the Student Window, indicating your availability for trips. We hope to have enough **information from YOU to finalize trip plans very early next week.**

Sincerely,

Amanda Bagheri
Assistant Principal

Marta Graves
MCMS Science Teacher and Trip Coordinator

.....TEAR OFF RETURNED TO THE STUDENT WINDOW FRIDAY 9/25/2015.....
