

## **Have one hour a week you can spare?**

Spend it changing the life of a student in need!

## **Interested in learning more about what happens inside our classrooms during the day?**

Help a teacher create a successful, hands-on learning experience!

# **JOIN OUR ATLAS VOLUNTEER TEAM**

## ***With just one hour a week, you can help a student!***

Sequoia students are currently in need of parent volunteers who can tutor them in:

- **MATH:** algebra, geometry, algebra II, trigonometry
- **ENGLISH:** editing essays, understanding challenging books
- **WORLD LANGUAGES:** French, Spanish
- **SCIENCE:** chemistry, biology, physics
- **ENGLISH as a SECOND LANGUAGE:** conversation + homework help

## ***With just one hour a week, you can help a teacher and class!***

Sequoia teachers are currently in need of parent volunteers who can assist with:

- **MATH:** With the help of parent-led small groups, struggling students can catch up on the concepts they are missing so that the whole class can enjoy and understand material more quickly, at a deeper level.
- **WRITING:** Our students grow into wonderful writers when they write often and receive helpful feedback. Parent editors in English class can make a huge difference, building our young writers' confidence!
- **READING:** Help us bring great stories to life for our struggling readers. Whether it's Richard Wright's *Black Boy*, Laura Esquivel's *Like Water for Chocolate*, or Shakespeare's *Macbeth*, our students truly benefit from parent-led small groups and one-on-one help as they discuss and debate riveting, challenging reads.

- **ENGLISH as a SECOND LANGUAGE:** Our hard-working English language learners have the double challenge of learning English while studying the same difficult subjects as their English-speaking peers. Not an easy task! You can help them feel successful in their new country by volunteering to work with them one-on-one or in small groups. Read together, help them write, model how student success happens in the U.S..
- **WORLD LANGUAGES:** Nothing beats a conversational partner in French or Spanish. Parlons! ¡Hablemos!
- **AVID:** Lead a small group of students during a collaborative tutorial where students arrive with complex questions from a tough class. Help them get peer-support to confront and solve those tough problems!
- **ELECTRONIC ARTS ACADEMY & HEALTH CAREERS ACADEMY:** Help one of our kids to pursue his/her dream career in tech, health or science by becoming an Academy Mentor. Mentoring sessions are just once a month!
- **AND MUCH, MUCH MORE!** We have a wide range of interesting volunteer opportunities this year, beyond the ones listed above. Let us know what would be fun and rewarding for you. We love customizing a volunteer experience that centers around your talents, interests and time!

## ABOUT ATLAS:

ATLAS, Sequoia's volunteer and intern department, is dedicated to giving all students the support they need to enjoy a positive high school experience. We recruit, train and support parents, volunteers and college interns to serve in a variety of settings throughout Sequoia High School.

If you're interested in helping teens to succeed,  
we'd love to hear from you!

- Hours that work with your schedule.
- Weekday, evening and weekend opportunities available.
- No prior tutoring or teaching experience necessary.
- Parents, neighbors, grandparents, co-workers welcome.  
Please spread the word!

**Tutor. Mentor. Assist a teacher. . . Change a life.**

¡El triunfo académico de nuestros estudiantes está en sus manos!
