SOME CONSTRUCTION CONTRACTING DO'S AND DON'TS

DO ask to see the contractor's license and make sure it matches the person showing it;

DO determine how long the contractor has been in business;

DO contact the Department of Labor, Licensing, and Regulation (803-896-4300) to verify the current status of the license;

DO ask for references and check them out;

DO choose several different contractors and get estimates from each one;

DO get the agreement in writing— read the contract, fill in all of the blank spaces, make sure the contract contains the contractor's name, address, telephone number, license number, description of the work, completion date, and any warranty agreements.

DON'T hire a contractor who requires advance payment—arrange to pay upon completion or in installments.

DON'T sign the work completion certificate until all the work is satisfactorily completed;

DON'T pay cash; and

DON'T pull the construction permits.

WATCH OUT FOR SCAMS!

Victims of Natural Disasters should be careful not to be victimized a second time by unscrupulous adjusters, contractors, or retailers.

Verify that an adjuster is licensed by **803- 896-4686**.

Consumers should verify that a FEMA (Federal Emergency Management Agency) or SBA (Small Business Administration) representative has laminated photo ID card. A FEMA or SBA clothing item is **NOT** proof of an affiliation.

“The price-gouging statute does not forbid making a profit but it does forbid profiteering.”

Consumers can check if a contractor is licensed at <http://www.llr.state.sc.us/pol/contractors/>.

Any suspected fraud or price gouging can be reported to the State Attorney General's Office at **803-734-3970**.
