

Rural Walk & Talk Event: Cambo Stables Restoration Project

Date: Wednesday, 18 May 2016

Time: 10:00am - 12:00pm

Venue: Cambo Estate, Kingsbarns, St Andrews, Fife KY16 8QD

Cost: FREE

Rural Skills Scotland, in partnership with Cambo Heritage Trust, invites you to attend this knowledge transfer and information event aimed at landowners, property managers and built heritage professionals.

The current phase of the Cambo Stables Restoration Project is primarily concerned with the repair and restoration of the Stables and Glasshouses within The Walled Garden to provide a visitor hub, a focus for students and volunteers and enhanced learning facilities. Collectively, these buildings lie at the very heart of the designed landscape of Cambo Estate and play a key role in the future success of the Estate.

Hosted by Lady Catherine Erskine, this informal 'Walk and Talk' event is an opportunity to speak with those directly involved in the restoration of this historic building and to view first-hand the processes and techniques that are being deployed by site contractor Colorado during the Cambo Stables Restoration Project.

This unique event will allow interested parties to come together in an informal setting to meet, network and learn from each other in a practical way.

Discussion topics will include reinstating redundant buildings, the funding maze, effective delivery mechanisms, navigating the planning process and the use of appropriate materials.

In attendance will be representatives from Cambo Heritage Trust, Colorado and Historic Environment Scotland.

As this event will take place mostly outdoors please bring suitable footwear and clothing.

Places are limited so please register your interest in this event by e-mailing Scott Petrie, Director, Rural Skills Scotland at scott@ruralskillscotland.com.

Please visit www.camboinstitute.org.uk for background information.
