### Why It Matters

It's a party with a purpose! The Cowboy Ball is our marquee fundraiser of the year, the proceeds of which support charitable tuition scholarships for special needs children and adults enrolled in Carlisle Academy's world-class therapy and adaptive riding programs. (Visit [www.carlisleacademymaine.com](http://www.carlisleacademymaine.com) to learn more about Carlisle Academy, a PATH International *premier*—accredited center.)

---

*"The riding program supports communication, leisure, motor, social, processing, sensory regulation and attending skills. The dedication, care, and collaboration from the staff has far exceeded our expectations." --Special Education Teacher, MSAD 6 Public School Group*

---

Join us, and experience firsthand the magic and natural beauty of Spring Creek Farm, home of Carlisle Academy, where students of all ages, staff, and volunteers arrive daily to learn, grow, and challenge the limitations of disabilities. Kick up your heels to benefit children and adults who rely on Carlisle Charitable Foundation to access the proven health and wellness benefits of equine-assisted therapy.

---

*"Hippo has been, and continues to be, an integral part of Sami's therapy routine. When not enrolled, we have seen regression in all areas of Sami's development." Mother of 7-year-old Hippotherapy Student*
