

OIG HELPS BOARDS AND COMMISSIONS

Inspector/Evaluators Elizabeth Pape and Devang Panchal offer meetings with boards and commissions to explain the work of the OIG and go over its “Guide for City of New Orleans Boards, Commissions, and Public Benefit Corporations.” The guide includes legal requirements and recommended practices for the operation of public boards and commissions.

“They can come to us for advice in overseeing a more efficient and effective organization,” Pape says. “Many board members are interested in our offer of technical assistance regarding procurement of goods and services.” Pape says initial efforts have been focused on security districts. So far in 2014, Pape and Panchal have met with the Mid-City Security District, Lakeview Crime Prevention District, Garden District Security District, and Audubon Area Security District.

OIG is expanding its outreach to all boards and commissions. To request a meeting, [Email Elizabeth Pape.](#)

The guide contains two sections, the [Model Board Manual](#), and [Model Administrative Procedures](#).
