Welcome

Summer is finally right around the corner. It seems we have been waiting forever for sunny days after the never ending cold and snow. With the glorious warm weather comes our busiest time of the year. We have been working hard planning a wide variety of creative options for your kids! Our program gives your child the opportunity to express, explore, create and enjoy the arts in a relaxing, safe and fun environment. Our faculty of professional artists, musicians and arts educators work with your child to create a fun, nurturing experience to share the joy of making art, music & new friends.

We want your child to experience a summer that is an incredible learning experience that will help them develop new skills and keep their creative juices flowing. Our Art, Theatre and Music programs have a little something for everyone. So sit back, relax and peruse our brochure to find the perfect fit for your child. Whether it is creating their own unique sculpture or crazy cartooning, singing their hearts out in our fully staged version of Annie or taking up a new instrument or music class, we are confident that you will like what you see.

See you in the sunshine!
