Severity of illness

You know which patient was in your office today…
*does anyone else?*

DIAGNOSES

- Diabetes type 2

- Diabetes type 2 with hyperglycemia
- Morbid obesity

- Diabetes type 2 with hyperglycemia
- Morbid obesity
- Underdosing of insulin

- Diabetes type 2 with hyperglycemia
- Morbid obesity
- Underdosing of insulin
- Diabetes type 2 with retinopathy

The diagnoses you select allows others to recognize
exactly which patient you saw today.
